Re: Material Safety Data Sheets

To Whom It May Concern:

This letter is for your file to insure compliance with O.S.H.A. regulations and standards covering X-series woven geotextiles, Filterweave, HP woven geotextiles, N-series and S-series nonwoven geotextiles, Miramat, Beaver Dam, Dandy Bag, Dandy Bag II, Dandy Dewatering Bag, and True Dam per your request for Material Safety Data Sheets.

X-series woven geotextiles, Filterweave, HP woven geotextiles, N-series and S-series nonwoven geotextiles, Miramat, Beaver Dam, Dandy Bag, Dandy Bag II, Dandy Dewatering Bag, and True Dam are NON-HAZARDOUS ARTICLES as defined by the Federal Hazard Communication Standard CFR 1910.1299 therefore, no Material Safety Data sheet is required for these products.

Sincerely,

Teri Krock
Product Manager
